## Read and Ponder.

Below we give a copy of the last by which we claim the right to use the Epitaph printing and publishing company's name and thing.

Any man who has been through the lies and snarls that are being circulated daily in the "bullet plate" which is printed upon material that belongs to the taxpayers of Cochise county, the mortgage upon which, is long overdue.

At a regular meeting of the directors of the Epitaph Printing and Publishing Company held at the office of the company in Tombstone on the 4th day of June 1883, the following resolution was adopted, to-wit:

Resolved That the secretary of said company be, and he is hereby authorized and directed to execute, to C. D. Reppy, a lease of all the printing material, presses and furniture of all kinds belonging to said company, north side, between the said Epitaph Printing and Publishing company, together with the subscription list and circulation of the Epitaph newspaper for a period of two years from the date hereof at the monthly rent of twenty dollars per month, payable at the end of each and every month.

Dated at Tombstone, June 4th. Eighteen Hundred and Eighty-three.

The corporation having no seal, the secretary is hereby authorized to affix to the said lease his private seal. H. M. Woods, Sec'y.

The following is the lease and the assignment of the lease.

This indenture of lease made and entered into on this fourth day of June eighteen hundred and eighty-three, between the Epitaph Printing and Publishing Company of Tombstone Cochise County, Arizona Territory, a corporation, the party of the first part, and C. D. Reppy the party of the second part witnesseth:

That the said party of the first part has leased and letten and by these presents does hereby lease and let unto the said party of the second part all the presses and material of every kind and nature belonging to or composing a part of the Epitaph printing office also the subscription list and good will of the Epitaph newspaper for the period of two years from the date hereof at the monthly rent of twenty dollars per month, and the said party of the second part hereby covenant, and agrees to quit and surrender to the said party of the first part the above described property at the end of said term of lease in as good condition as as reasonable use and wear thereof will permit.

In witness whereof the parties above named have hereunto set their hands and seals the day and year first above written.

Waltham, Me., has no minister, doctor, or blacksmith. A skating rink gets along without the minister, but it misses the doctor and blacksmith.

Many colored men who have married white wives are surprised to find that white women are unwilling to take in washing to support them.

The Sultan of Morocco has one hundred wives. Solomon only had seven. When he died he was buried in a new when he was a boy.

Probably one reason why tin men in the town are hard to manage is because they all have got their backs up. We lean that they are just humping mad.

Lady—"You have no beaux cousins or men to bother around, I hope?" Servant (seeking a place)—"Nary a war, mum; only an owl baste of a husband."

"Wall, naow, did you ever?" exclaimed Farmer Farrow, as he saw the Edison electric light for the first time. "I didn't know that it could burn kerosene oil upside down."

Accidental. The only house hotel in Tombstone, situated on the corner of Allen and Congress streets, has been burned through and has no more any improvements. Travelers are recommended to stop at this house. Private rooms for commercial travelers. The house of this house is furnished with improved billiard tables and card rooms, and is stocked with the finest brands of wines, liquors and cigars.

## HALL'S VEGETABLE SICILIAN Hair Renewer.

Seldom does a popular remedy win such a strong hold upon the public confidence as has HALL'S HAIR RENEWER. The cases in which it has accomplished a complete restoration of color to the hair, and vigorous health to the scalp, are innumerable.

Old people like it for its wonderful power to restore to their whitening locks their original color and beauty. Middle-aged people like it because it prevents them from getting bald, keeps dandruff away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beautiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.
